

Google Grant Management

Up to \$10,000 a Month in Free Google Ads

The Google Ad Grants program gives eligible 501(c)(3) nonprofits up to \$10,000 every month in free Google advertising, putting your cause in front of people the moment they search for the work you do.

Built for Nonprofits

Registered 501(c)(3) organizations in good standing qualify, and the budget renews monthly, not a one-time award.

Reach People Already Looking

Your ads meet donors, volunteers, and the people you serve the moment they're searching for the cause you support.

Why Let Us Manage It

Grant accounts have their own unique rules and performance targets. We keep your account compliant and optimized so the full budget stays available and working month after month.

PRICING

First Two Months	Free
Under \$5,000/mo in grant spend	\$250/mo
Over \$5,000/mo in grant spend	500/mo
